## Lutemax 2020:

Award-winning, globally-recognized Lutemax 2020 is a naturally-derived marigold extract providing all three macular carotenoids—lutein and enhanced levels of both zeaxanthin isomers (RR-and RS [meso]-zeaxanthin)—at the same 5:1 ratio as found in diet to optimally support eye health.\*

A 2017 study demonstrated that this ingredient had a profound effect on blue light exposure and the physical manifestations of screen time.\* The conclusion of the study stated that Lutemax 2020 helped support healthy levels of macular pigment ocular density, which correlates directly with all other visual performance measures including eye strain, eye fatigue, sleep disruption and headache frequency.\*<sup>1</sup>

**L-Theanine** is a naturally occurring amino acid found in green tea and is a derivative of glutamic acid, a major neurotransmitter in the brain. It directly stimulates production of alpha brain waves, giving the body a sense of deep relaxation and mental alertness without drowsiness.\*

L-Theanine enables the body to produce other calming amino acids, such as dopamine, GABA and tryptophan and helps with concentration, focus, deep muscle relaxation and improved sleep quality.\*

L-Theanine is also regarded as one of the top choices for cognitive function and cognitive support, due to its influence over alpha waves in the brain.\* The standard 'relaxation' response is only one half of the impact that alpha waves make; they are also responsible for selective attention mechanisms and alertness.\*

**InnovaTea® Natural Caffeine 98%** is a unique, all natural source of Caffeine produced from green tea leaves (*Camellia sinensis*). The tea leaves used to produce InnovaTea® are carefully grown without the use of pesticides and have full traceability back to the farm where they are grown. InnovaTea® Natural Caffeine from Tea is an excellent alternative to chemically synthesized caffeine. This ingredient supports energy, mood health, and mental sharpness.\*

## Supplements Facts

**Serving Size: 1 ml (5 sprays)**

### Amount Per Serving

Total Carbohydrates	<1 g
Green Tea ( <i>Camellia sinensis</i> ) Leaf Extract	102 mg
yielding L-Theanine	100 mg
InnovaTea® Natural Caffeine	
from Tea ( <i>Camellia sinensis</i> ) Leaves	5 mg
Lutemax 2020 Marigold ( <i>Tagetes erecta</i> )	
Flower Extract in Sunflower Oil	100 mg
yielding Lutein	20 mg & Zeaxanthin Isomers 4 mg

Other Ingredients: water, natural flavors, glycerin, oleic acid polyglyceride, citric acid, rosmarinic acid.

**Suggested Use:** Take 5 sprays (1 ml) by mouth daily with food or as directed by your healthcare practitioner. Separates naturally. To activate: Shake vigorously before each use.

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.

**Caution:** Product may stain.
