

MEGA PROBIOTIC™ ND

A Nondairy Probiotic Supplement to Support Digestive Tract Health*

Mega Probiotic™ ND is a non-dairy probiotic formulation produced from beneficial microorganisms and FOS to support digestive tract health.*

Mega Probiotic™ ND is:

- Guaranteed to contain 5 billion microorganisms per capsule with 8 different strains from non-dairy sources!
- Recommended for children, adults and the elderly

Recommended For:

- Gastrointestinal and neurological support*
- Individuals who are lactose intolerant*
- Normalizing digestion*
- Supporting regularity*

About the Formula

- **Lactobacilli** (*L. acidophilus*, *L. rhamnosus*, *L. casei*) are located in the small intestine and produce lactic acid. Many strains of bacteria from the Lactobacillus family have been shown to promote regularity, support urogenital and vaginal health as well as produce the lactase enzyme and protect the gut lining from unwanted materials.*
- **Bifidobacteria** (*B. lactis*, *B. breve*, *B. longum*, *B. bifidum*) are located in the colon and produce lactic and acetic acids, making the gut a very inhospitable place for unwanted materials. Bifidobacteria have been shown to promote regularity.*
- **Streptococcus thermophilus** is also a lactic acid producer which lines the gut wall to provide a barrier from unwanted materials, promotes regularity and produces the lactase enzyme.*

- **Fructooligosaccharides** (FOS) are considered a soluble fiber and prebiotic, which supports the growth of beneficial microorganisms in the intestinal tract.* FOS, as a fiber, increases the bulk in the gut to promote regularity.*

Suggested Use: As a dietary supplement, follow recommendations below or as directed by your healthcare practitioner.

Initial: Take amount below twice daily, after breakfast and after dinner.

Children age 4 and older: 1 capsule

Adult: 2 capsules

Senior: 3 capsules

Maintenance: Take amount above once a day after breakfast.
