PERNA® PLUS

- **A dietary supplement to support proper joint and connective tissue functions.***
- **Perna® Plus** is an advanced joint and connective tissue formula that can be used as an alternative or in conjunction with other joint health programs.* It combines the powerful benefits of Perna, Glucosamine, Methylsulfonylmethane (MSM), Dimethylglycine (DMG) and Manganese for a quicker response than would be seen if any nutrient was taken singularly.

About the Nutrients

- **Perna canaliculus** is an edible species of shellfish from New Zealand. It is rich in amino acids, polypeptides, naturally chelated minerals, fatty acids, vitamins and all classes of glycosaminoglycans including chondroitin sulfates and hyaluronic acid that occur in connective tissues such as joint cartilage, tendons, ligaments and synovial fluid. The naturally-occurring components in Perna support joint lubrication and flexibility, reduce joint discomfort and improve range of motion.*
- **Glucosamine** is a fast acting nutritional building block for connective tissue. It is necessary for the production of hyaluronic acid and chondroitin sulfates which support joint comfort and mobility.*
- **MSM** is a source of sulfur, which the body needs in abundance for making collagen. It has been used historically to support joint comfort and circulation.*
- **DMG** is a patented versatile metabolic enhancer.* It supports joint health through immune system modulation, circulation, oxygen utilization and antioxidant protection.* DaVinci® has been awarded 3 U.S. Patents on DMG and the immune response, including a recent study done by Dr. John Lawson at Clemson University on the joint supporting properties of DMG.

- **Manganese** is an essential mineral necessary for the production of collagen, proteoglycans and glycosaminoglycans in the joints.*

Supplement Facts

Serving Size: 2 Tablets

Amount Per Serving

Manganese (Mn Amino Acid Chelate)	10 mg
Perna canaliculus (Green-Lipped Mussel)	1000 mg
Glucosamine Sulfate (from Shrimp and Crab)	600 mg
Methylsulfonylmethane	400 mg
N,N-Dimethylglycine HCl (DMG)	200 mg

Other Ingredients: microcrystalline cellulose, stearic acid, vegetable stearate, sodium carboxymethylcellulose, silicon dioxide, cinnamon oil, polyethylene glycol, methylcellulose, titanium dioxide.

Contains: Crustacean shellfish (shrimp and crab) and soy.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

WARNING: Consuming this product can expose you to chemicals including arsenic and lead, which are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food

Suggested Use: As a dietary supplement, take 2 tablets, 3 times daily with food for 2 to 4 weeks, then reduce to 2 tablets once or twice daily with food, or as directed by your healthcare practitioner.

Sold Exclusively Through Healthcare Practitioners.
