

GLUCONIC[®] DMG CHEWABLE

Rejuvenate Your Body and Mind*

- Keeps you sharp, mentally and physically*
- Helps defend the immune system*
- Keeps you calm and energized*
- Supports a healthy heart and liver*

Whether you want to meet your exercise goals, support immune health, keep your brain sharp, or cope with stress, Gluconic[®] DMG steps up to the plate.* Dimethylglycine (DMG) is an adaptogen that supports the body and immune system in aging and during times of stress.* A convenient way to obtain DMG is with DaVinci[®] Laboratories' Gluconic[®] DMG. Get more done, enhance your workout, support memory function, stay calm during stress, and enjoy more peaceful moments thanks to this amino acid supplement.*

Shore Up Your Immune System*

DMG is involved in a healthy immune response by keeping the body strong during stress.* DMG keeps your immune cells on their toes, so they'll be ready to support the body.* DMG can also help maintain the body's normal production of antibodies.*

Keep Yourself Energized and Alert*

By helping the body cope with stress, DMG keeps you mentally alert.* DMG also helps promote healthy neurotransmitter levels in the brain and gives the body what it needs to produce more phosphocreatine, an important brain-boosting energy molecule your body needs to make the cellular fuel known as ATP.*

Have More Endurance and Stamina*

DMG is a natural energy booster.* DMG enhances endurance and stamina and helps support muscle recovery after physical exercise or exertion.* Whether you're a shift worker, truck driver, student, or simply work long hours, DMG can keep your energy levels up while helping you stay mentally alert.*

Keep Your Heart and Liver Healthy*

DMG kickstarts methylation, a process critical to many areas of health, including that of the heart and liver.* By controlling methylation, DMG promotes healthy levels of homocysteine, which can help protect heart health.* Methylation is also a critical component of healthy detoxification—by helping your liver clear toxins from the body, this process makes you more resilient to daily environmental exposures.*

Gluconic[®] DMG is recommended for:*

- Tiredness or afternoon fatigue*
- Athletic performance*
- Supporting immune health & defense*
- Supporting a healthy heart*
- Improving detoxification*
