

# SPECTRA™ INFINITE NUTRITION

## Energize and Nourish the Body with This Delicious All-in-One Drink Mix\*

- Well-rounded formula of 70 nutrients, including CoQ10, turmeric, and probiotics
- Features fruit and vegetable extracts
- Supports energy and physical performance\*
- Supports healthy vision\*
- Promotes gastrointestinal health and regularity\*
- Important for brain, heart, joint, and immune support\*

Are you looking for a faster and more efficient solution to keep you performing at your best? When you're busy moving mountains, it's hard to get the recommended 5-10 servings of vegetables and fruits each day. And keeping up with all of the nutritional supplements needed for your optimal performance isn't easy, either.

That's why DaVinci<sup>®</sup> Laboratories created **Spectra™ Infinite Nutrition**, an all-in-one product combining 70 key nutrients into one great-tasting drink mix.\* This handpicked list of nutrients and foods specifically benefit brain & eye function, cardiovascular health, immune defense, gastrointestinal regularity, and joint comfort.\* One scoop per day covers all the bases.\* It's great for busy people who want a well-rounded, one-stop nutritional solution, or for those who don't want the hassle of multiple supplements or pills.

### A Great-Tasting Burst of Energy\*

**Spectra™ Infinite Nutrition** contains ingredients like D-ribose and coenzyme Q10 (CoQ10). Both of these nutrients jumpstart mitochondrial health by promoting production of ATP, the cell's fuel source.\* The drink mix also is a great source of activated B vitamins at clinically relevant doses, which help boost energy.\* Nourishing your body with these nutrients means you get more done throughout the day and have more energy to hike that extra mile.\*

### Supports Sharp Eyesight\*

A blend of four eye-health nutrients—lutein, lycopene, zeaxanthin, and astaxanthin—support healthy vision.\* Spectra™ Infinite Nutrition also contains alpha lipoic acid, which helps maintain retinal health, and L-carnosine, which helps keep vision crystal clear.\*

### Promotes Healthy Digestion\*

**Spectra™ Infinite Nutrition** includes dairy-free probiotics and other ingredients designed to promote GI health and comfort.\* Larch tree arabinogalactan is included as a prebiotic to feed beneficial bacteria in the gastrointestinal tract.\* Digestive enzymes work with the probiotics in the drink mix to soothe digestion and keep you regular.\*

### Encourages Brain, Heart, and Immune Health\*

For whole-body health, you won't find better support than Spectra™ Infinite Nutrition.\* It includes heart-healthy nutrients like nattokinase, resveratrol, taurine, and acetyl-L-carnitine.\* It has your brain and joint health supported, too, with ingredients like turmeric and omega-3s.\* Your immune system benefits from the effects of dimethylglycine, green tea, quercetin, and N-acetyl L-cysteine.\*

### Goes Beyond Ordinary Multivitamins

In addition to vitamins, minerals, phytonutrients, fiber, and free radical fighters, **Spectra™ Infinite Nutrition** is loaded with an array of fruit and vegetable extracts.\* The fruit-flavored drink mix is vegetarian, gluten-free, and made with highly bioavailable nutrients for superior absorption.\*

### Spectra™ Infinite Nutrition is recommended for:

- People who don't like taking lots of pills\*
- People who aren't eating enough fruits and vegetables\*
- Healthy aging\*
- Energy and productivity\*
- Heart, brain, eyes, and joint health\*
- Immunity\*
- Healthy digestion and GI regularity\*

**Suggested Use:** As a dietary supplement, use as directed below, or as directed by your healthcare practitioner. For first week of use, divide suggested use between AM & PM.

**Age 30 and older:** Take 39 g (approximately 1 scoop) daily.

**For ages 19-29:** Take 19.5 g (approximately 1/2 scoop).

**For those under 18:** Consult a healthcare practitioner before using.

For best results, blend one scoop in blender with 8-12 oz of cold water, fruit or vegetable juice until desired consistency is achieved. For a tastier drink, add frozen berries, frozen fruit or ice cubes.

# Supplement Facts

Amount Per Serving 39 g (approximately 1 scoop)
