

GLUCONIC[®] DMG LIQUID

Rejuvenate Your Body and Mind*

- Keeps you sharp, mentally and physically*
- Helps defend the immune system*
- Keeps you calm and energized*
- Supports a healthy heart and liver*
- Convenient liquid form for children & adults

Whether you want to meet your exercise goals, support immune health, keep your brain sharp, or cope with stress, Gluconic[®] DMG steps up to the plate.* Dimethylglycine (DMG) supports the body and immune system in aging and during times of stress.* A convenient way to obtain DMG is with DaVinci[®] Laboratories' Gluconic[®] DMG Liquid, ideal for those who don't like or struggle to take pills.* Get more done, support memory function, and stay calm during stress, thanks to this amino acid supplement.*

Shore Up Your Immune System*

DMG is involved in a healthy immune response by keeping the body strong during stress.* DMG keeps your immune cells on their toes, so they'll be ready to support the body.* DMG can also help maintain the body's normal production of antibodies.*

Supports Brain Health in Kids and Adults*

By helping the body cope with stress, DMG keeps you mentally alert.* DMG also helps promote healthy neurotransmitter levels in the brain and gives the body what it needs to produce more phosphocreatine, an important brain-boosting energy molecule your body needs to make the cellular fuel known as ATP.* DMG's brain benefits may explain why it can help address behavioral challenges in children.*

Have More Endurance and Stamina*

DMG is a natural energy booster.* DMG enhances endurance and stamina and helps support normal muscle recovery after physical exercise or exertion.* Whether you're a shift worker, truck driver, student, or simply work long hours, DMG can keep your energy levels up while helping you stay mentally alert.*

Keep Your Heart and Liver Healthy*

DMG kickstarts methylation, a process critical to many areas of health including that of the heart and liver.* By controlling methylation, DMG controls the amino acid homocysteine, which can help protect heart health.* Methylation is a critical component of healthy detoxification. By helping your liver clear toxins from the body, DMG protects you from daily environmental exposures.*

Gluconic[®] DMG Liquid is recommended for:*

- Tiredness or afternoon fatigue*
- Promoting brain health in kids and adults*
- Supporting immune health & defense*
- Supporting a healthy heart*
- Improving detoxification*
