

GLUTATHIONE

Setting the Benchmark for Glutathione Absorption*

- 2.5 times more bioavailable*
- Powerful support for immune health*
- Helps maintain cognitive health*
- Supports detoxification within the body*
- Encourages a healthy gut lining*
- Promotes energy and vitality*

Glutathione is the body's master antioxidant and it plays an important role in maintaining cellular health.*^{1,2} Until now, standard glutathione supplements were easily broken down and poorly absorbed.* That's why DaVinci® Laboratories created Glutathione with Provail®, a glutathione supplement with 2.5 times better bioavailability than the leading competitor.* It works fast, helps to maintain your immune system, soothes your digestive tract, and helps you think clearly.*

A Revolutionary Glutathione Supplement

Glutathione with Provail® works better, faster, and goes deeper than regular glutathione with its impressive bioavailability-boosting technology.* Provail® is a structurally changed, ultra-small whey protein matrix, similar to the size of casein micelles (or protein-mineral clusters) in milk. This polymerized whey protein matrix coats the glutathione to help maintain its structure as it travels through the gastrointestinal tract.* Think of this specialized whey protein as an envelope that contains a nutrient inside of it—namely glutathione. When the protective envelope arrives in the small intestine, it opens up and releases glutathione for maximum absorption.*

A 2021 animal study published in *Molecules* by Zhang and colleagues showed that Glutathione with Provail® was absorbed 2.5 times better, raised blood and tissue levels of glutathione, and boosted blood antioxidant activity more than the leading brand of glutathione.*² It's so powerful that you only need 200 mg compared to 500 mg of standard glutathione.*²

In synergy with glutathione, the whey protein in Provail® supports musculoskeletal health, a strong gut lining, the removal of unwanted substances,^{3,4} firm and flexible arteries,⁵ and cognitive function.*^{5,6}

DaVinci® Laboratories' innovative glutathione delivery system has another advantage: it is a pure, clean, simple supplement.* Whey protein, glutathione, cellulose, and leucine are the only ingredients. Glutathione with Provail® does not contain the carriers and inactive ingredients found in other glutathione supplements. Glutathione with Provail® is free of hormones and gluten.

Boost the Gut-Immune System with a More Bioavailable Glutathione*

Glutathione with Provail® supports a strong immune system^{1,4} and digestive system.* As an antioxidant,¹ glutathione soothes the intestinal lining and supports a healthy inflammatory response.*⁷ This supports immune imbalance throughout the body and helps to promote a healthy gut lining and intestines.*

Think More Clearly and Stay Focused*

Higher levels of glutathione in the brain are linked to normal neuron levels and a healthy aging process.*⁸ Keeping your glutathione levels optimal means you're less likely to forget where you put your car keys.* Glutathione also can help kids and adolescents stay focused due to its important role in children's brain health.*^{9,10}

Glutathione with Provail® is Recommended for:

- Better, faster, and deeper glutathione delivery*
- Promoting a balanced immune system*
- Brain health and cognitive function*
- Helping to maintain concentration and focus*
- Supporting healthy gastrointestinal function*
- Heavy metal exposures*
- Healthy aging and vitality*

Suggested Use: As a dietary supplement, take 1 capsule daily, or as directed by your healthcare practitioner.

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 30

Amount Per Serving	% Daily Value
L-Glutathione (from Provail® Whey Encapsulated L-Glutathione (Reduced)) 200 mg	*

*Daily Value not established.

Other ingredients: hypromellose (capsule), microcrystalline cellulose, vegetarian leucine.

Contains: Milk.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

VEGETARIAN / GLUTEN FREE / SOY FREE
