

DIMPRO[®]

Optimize Estrogen Metabolism for Vibrant Health in Both Men and Women*

- Supports ovarian and breast health*
- Maintains prostate health*
- Encourages a healthy libido*
- Supports weight management and lean body mass*
- Promotes menstrual and menopausal health*

It's impossible for people to feel their best if estrogen, progesterone, and testosterone are out of balance. Imbalances can lead to weight gain in both men and women. These hormones also regulate ovarian, prostate, and breast health, as well as libido and mood.* In addition, balanced hormones are key to getting through menopause smoothly.*

DaVinci[®] Laboratories DIMPro[®] supports healthy estrogen, progesterone, and testosterone levels.* It's a proprietary, highly bioavailable, patented blend of diindolylmethane (DIM), vitamin E, and phosphatidylcholine. These ingredients work together to protect against estrogen dominance.* The result? Leaner body mass, a calm mood, a healthy libido, and overall good health.*

An Ideal Fat-Burning Supplement*

The DIM[®] in DIMPro[®] is a compound found in cruciferous vegetables like broccoli. It promotes healthy estrogen metabolism and balances estrogen, progesterone, and testosterone levels in both women and men.* Together with exercise, balanced levels of these hormones are important for a lean body.*

Supports Women Through All Stages of Life*

DIMPro[®] supports enzymes involved in estrogen metabolism.* This may reduce mild mood changes and cramps associated with the menstrual cycle.* Healthy estrogen metabolism also promotes ovarian and breast health, before and after menopause.*

Conquering Men's Health Goals*

Normally, estrogen is present in small amounts in men. However, estrogen can build up and overpower testosterone levels. Supporting estrogen metabolism with DIMPro[®] may help maintain the beneficial testosterone-to-estrogen balance.* This means a healthy prostate gland, strong libido, a lean body, and more muscle mass.*

The Advantages of DIMPro[®]

- Maintain estrogen balance*
- Helps to burn fat and build muscle*
- Benefits breast and ovarian health throughout a woman's life*
- Improves men's prostate health, libido, and fitness*
- Balances hormones for skin, joint, cardiovascular, and brain health*
- Can be used with hormone replacement therapy or prostate health supplements*

Suggested Use: As a dietary supplement, take 1 capsule with food, 1 to 2 times daily, or as directed by your healthcare practitioner.
