

SPECTRA GREENS™

Rejuvenate Your Body with This Tasty Drink Mix*

- Nutrient-rich fruit, vegetables, and herbs*
- Supports regularity and digestion*
- Helps remove unwanted environmental substances from the body*
- Maintains immunity*
- Stevia-sweetened, natural apple-and-cinnamon-flavored drink mix

To feel your best, it's a must in today's polluted world to protect your liver and digestive tract.* Some of the best defenses against unwanted environmental substances are green fruits, vegetables, and herbs, as well as chlorella and spirulina.* DaVinci[®] Laboratories bundled these superfood ingredients into a delicious drink mix to support detoxification, promote healthy digestion, maintain heart health, and optimize immunity.*

Escorts Pollutants Out of Your Body*

Spirulina and chlorella in Spectra Greens™ keep the liver working its best to remove environmental substances like heavy metals.* Milk thistle also gives the liver a helping hand in its detox efforts.* Parsley is another detox dynamo, high in vitamin C.*

Keeps Things Moving Along*

If you want to stay regular, Spectra Greens™ is your supplement.* A good source of soluble fiber, it also contains chlorella, which supports the growth of beneficial bacteria in the gastrointestinal tract.* Fructooligosaccharides (FOS) are prebiotics, fiber that feeds good gut bacteria and reduces occasional constipation.* Thanks to the non-dairy probiotics in Spectra Greens™, you can boost your digestive health and get your fruit and vegetables all in one convenient drink mix.*

Promotes Cardio Health*

Ingredients like bilberry support arterial walls and capillaries while grape seed extract supports healthy collagen—important in blood vessel health.* Red raspberries also keep blood flowing smoothly through capillaries.* Beet root juice powder boosts levels of nitric oxide, important for supporting normal blood pressure levels, while blueberries are included for powerful cardio support.*

Supports Your Immune System*

Many ingredients in Spectrum Greens™ were chosen with immune health in mind.* Oat beta-glucans support the activity of immune cells known as macrophages, which keep the immune system at peak operating capacity.* N,N-dimethylglycine (DMG) also keeps the immune system in tip-top shape, while royal jelly enhances your natural immune response.* Cranberry is included to support urinary tract health.*

Spectra Greens™ is recommended for:*

- Unintended exposure to unwanted environmental pollutants*
- Occasional abdominal discomfort or irregularity*
- Optimizing heart and blood vessel strength*
- Immune systems in need of additional support*
- Diets low in fruits and vegetables*

Suggested Use: As a dietary supplement, mix 1 heaping scoop (11.88 g) daily in 8 oz. of cold water or juice, or as directed by your healthcare practitioner.
