

# COLLAGEN BRIGHT™

## Easily Absorbed Collagen Formula for Glowing, Healthy Skin\*

- Leads to smooth, touchable skin\*
- Supports healthy aging properties of the skin\*
- Keeps hair full and nails strong\*
- Contains an easily absorbed type of collagen

Collagen is the building block for your skin, joints, bones, nails, hair, blood vessels, and arteries.\* DaVinci<sup>®</sup> Laboratories **Collagen Bright™** contains ingredients known to support nourishing levels of collagen.\*

### Minimizes Wrinkles and Fine Lines\*

**Collagen Bright™** contains an exceptional form of collagen, hyaluronic acid, vitamin C, Cordyceps, and biotin, which support collagen rebuilding and healthy aging properties of the skin.\* Working in combination, these ingredients promote healthy skin, support skin hydration, and minimize wrinkles and fine lines.\*

### A Superior Form of Collagen\*

A key player in the formula is Morikol<sup>®</sup> tripeptide marine collagen, a special type of very low molecular weight collagen your body absorbs easily so that it goes right to work protecting the skin.\* Morikol<sup>®</sup> boasts more tripeptides than other collagen brands. The formula also includes other collagen-supporting superstars including vitamin C and sodium hyaluronate, as well as biotin and Cordyceps, a health-promoting mushroom used in traditional Chinese medicine.\*

### Smooth, Hydrated, Youthful-Looking Skin\*

Skin tissue uses the tripeptides in Morikol<sup>®</sup> collagen to regenerate.\* In a clinical study of aging women, the tripeptide formulation\* improved skin elasticity and hydration and reduced roughness, crow's feet, and wrinkles.\* Sodium hyaluronate as a source of hyaluronic acid teams up with Morikol<sup>®</sup> tripeptides\* to act as a natural moisturizer for skin.\* The tripeptides\* and Cordyceps extract keep skin cells healthy after exposure to the sun's ultraviolet rays.\* Cordyceps protects skin from free radical damage and DNA damage that come with daily wear and tear.\*

### Gorgeous Hair and Strong Nails\*

Biotin and collagen are a dynamic duo in regards to healthy hair and nails.\* Biotin promotes thick, healthy hair and strong nails.\* Collagen peptides nourish the body with the amino acids and nutrients it needs to fuel hair growth.\*

### Collagen Bright™ is Recommended For:

- Aging, dry, or damaged skin\*
- Support for skin exposed to the sun's damaging UV rays\*
- Thin hair and brittle nails\*

# GLUTATHIONE BRIGHT

## Smooth, Healthy Skin From Within\*

- 2.5 times more bioavailable glutathione\*
- Helps to maintain a smooth, healthy complexion\*
- Supports healthy aging skin\*
- Helps to protect the skin from sun, wind, and cold\*
- Promotes an even skin tone\*

Skin gets the highest load of oxidative stress when compared to all other organs in the body. Every day skin has to face unwanted free radicals made inside the body as part of normal daily living, as well as oxidative stress from outside the body, like UV radiation. Glutathione is a way to address the daily free radicals that age our skin.\*

Glutathione is a powerful antioxidant<sup>1</sup> that naturally occurs in the skin.<sup>\*2</sup> It has many uses, including helping to protect your skin from harmful environmental elements like sun, wind, and cold, as well as promoting healthy aging.<sup>\*2</sup> Until now, you couldn't depend on glutathione supplements to boost your skin and body levels because they were easily broken down and may be poorly absorbed.\* That's why DaVinci<sup>®</sup> Laboratories created Glutathione Bright with Provail<sup>®</sup>, a glutathione supplement that's 2.5 times more bioavailable.\*<sup>1</sup> It works fast to give you a glowing and healthy complexion.\*

### A Revolutionary Skin Supplement

Glutathione with Provail<sup>®</sup> works better, faster, and goes deeper than regular glutathione to optimize your skin health.\* Provail<sup>®</sup> is a structurally changed, ultra-small whey protein matrix, similar to the size of protein-mineral clusters in milk known as casein micelles. This polymerized whey protein matrix coats the glutathione to help maintain its structure as it travels through the gastrointestinal tract.\* Think of this specialized whey protein as an envelope that contains a nutrient inside of it—namely glutathione. When the protective envelope arrives in the small intestine, it opens up and releases glutathione for maximum absorption.\*

A 2021 animal study published in *Molecules* by Zhang and colleagues showed that Provail<sup>®</sup> was absorbed 2.5 times better, raised blood and tissue levels of glutathione, and boosted blood antioxidant activity more than the leading brand of glutathione.\*<sup>1</sup> It's so powerful that you only need 200 mg compared to 500 mg of standard glutathione.\*<sup>1</sup>

### The Secret to Smooth Skin\*

Glutathione is a skin supplement that supports the health of the body's cells, promoting healthy aging of the skin.\* Glutathione Bright with Provail<sup>®</sup> helps to promote a clear and smooth complexion and supports healthy skin.\* It can help to maintain skin texture and vitality, so you can still turn heads wherever you go.\*<sup>3</sup>

### A Glowing Complexion\*

Glutathione helps to keep your face looking fresh and beautiful—no matter your age.<sup>\*2,4</sup> Whether it's cold air in the winter, pollution, or the drying effects of air conditioning in the summer, Glutathione Bright with Provail<sup>®</sup> can support your skin health during lifestyle and seasonal changes.<sup>\*2</sup> Glutathione also is involved in the production of melanin, the pigment responsible for skin color.<sup>\*5</sup> By helping to maintain healthy melanin production, glutathione can help to even out skin tone and minimize dark spots.\*<sup>3</sup>

**Glutathione Bright with Provail<sup>®</sup> is recommended for:**

- Helping to maintain healthy, radiant skin\*
- Promoting smooth, soft, flawless skin\*
- Encouraging an even skin tone\*
- Helping to protect your skin against lifestyle and environmental changes\*

**Suggested Use:** As a dietary supplement, take 1 capsule daily, or as directed by your healthcare practitioner.
