

OLIVIR[™] 15

An Olive Leaf Extract supplement to support immune system function.*

Olive Leaf Extract works directly against unwanted materials by stimulating your own protective cells (phagocytes) to ingest them without suppressing the immune system or damaging the body's beneficial flora.*

Olivir[™] 15 is standardized to yield 15% Oleuropein, the active ingredient. **Olivir[™] 15** is vegetarian and yeast free.

Olivir[™], the trade name of an olive leaf extract, is one of the most useful, natural, immune supportive, herbal extracts yet discovered. Through extensive research and clinical studies, Oleuropein was found to be effective against a broad spectrum of unwanted materials.* Additionally, Oleuropein supports the immune system response and aids in detoxification.*

Olive Leaf Extract contains a natural complement of bioflavonoids from Quercetin and Rutin, which reduce oxidative stress.*

There are no known adverse effects for olive leaf extract, however, some mild discomfort may occur, such as headache, fatigue and bowel problems. These are short-lived and are a result of detoxification. **Olivir[™] 15** is so effective it may free up unwanted materials faster than the body can eliminate them, causing these symptoms. If these symptoms persist, reduce the daily dosage. **Olivir[™] 15** is considered an extremely safe product.*

Suggested Use: As a dietary supplement, take 1 capsule, 2 times daily, between meals, or as directed by your healthcare practitioner. If detoxification symptoms occur, reduce daily amount.

Supplement Facts

Serving Size 1 Capsule
Servings Per Container 45 or 90

Amount Per Serving	% Daily Value
Olive Leaf (<i>Olea europaea</i>) Extract 500 mg	*
yielding Oleuropein 75 mg	

*Daily Value not established.
