

SPECTRA ORANGES™

A Delicious Burst of Fast-Acting Energy*

- Energy-rich orange fruit and vegetable blend
- Supports physical performance, concentration, and focus*
- Helps deliver critical phytonutrients to those who don't get enough fruits and vegetables*
- Tasty stevia-sweetened drink mix

According to the CDC, only 10% of Americans eat the daily recommended amount of fruits and vegetables. If you're not eating enough of these foods, you're missing critical phytonutrients that keep you energized.* DaVinci[®] Laboratories makes it easy to boost your intake of orange vegetables and fruits with Spectra Oranges™, a tasty drink mix that also includes energizing ingredients like green coffee bean extract, Korean White Panax ginseng, dimethylglycine (DMG), taurine, inositol, and Fibersol-2[®].

Mother Nature's Energy Drink*

Orange fruits and vegetables provide protein and fiber as well as long-lasting energy from natural sugars and carbohydrates.* That's why Spectra Oranges™ includes oranges, peaches, nectarines, tangerines, cantaloupe, pineapples, clementines, papayas, apricots, mangoes, kumquats, and persimmons. The drink mix also includes yams, pumpkin, carrots, butternut squash, and rutabaga.

Ramp Up Your Physical Performance and Energy*

Spectra Oranges™ contains several energy-boosting ingredients.* While naturally low in caffeine, green coffee bean extract provides a safe energy boost when taken at suggested serving amounts.* It gives you more stamina and can help reduce muscle fatigue.* Korean White Panax ginseng* helps you cope with everyday stress and supports your adrenal glands.*

DMG (dimethylglycine) supports muscle recovery after exercise and endurance.* Taurine promotes healthy heartbeat, muscle, and energy levels.* Inositol helps the body use fat as fuel and helps muscles contract more efficiently.* Together, these ingredients help support energy levels so you can do more.*

Keep Your Brain Sharp*

Spectra Oranges™ boosts mental energy, too.* Green coffee bean extract and Fibersol-2[®] slow the release of glucose into the bloodstream after eating, helping reduce post-meal sluggishness and afternoon slumps.* DMG also supports mental alertness and brain function.* Overall, the ingredients may help sharpen your memory, focus, and attention so you can be more present at home, at work, or at play.*

Spectra Oranges™ is recommended for:*

- Diets lacking in fruits and vegetables*
- Physical performance*
- Energy*
- Fat and glucose metabolism*
- Productivity*
- Promoting focus and attention*
- Minimizing post-meal energy slumps*

Suggested Use: As a dietary supplement, 10 g (approximately 1 rounded scoop) in 6-8 oz of cold water or juice, once daily, or as directed by your healthcare practitioner.
