

CANDID-AWAY™

Balance Your Microbiome for Healthy Skin, Energy, and Digestion

- Assists with Candida elimination
- Addresses microbial imbalance
- Supports digestion
- Provides immune support to strengthen the GI tract

Candida albicans is a naturally occurring fungus, or yeast. It is found in the gastrointestinal tract and on the skin in small amounts. Normally, it does no harm. But when damage occurs to the good bacteria, *Candida albicans* is free to multiply. When this happens, it changes from a harmless yeast to a harmful fungus. This can lead to bloating, gas, anal itching, acne, rashes, low energy, irritability, sadness, brain fog, and dizziness.*

Powerful Anti-Candida Supplement

DaVinci[®] Laboratories formulated Candid-Away™ with highly effective ingredients to banish Candida overgrowth and restore the health of the GI tract. Caprylic acid, found in coconut oil, rebalances friendly bacteria and reduces an overabundance of *Candida albicans* yeast in the body.

Olive leaf compounds such as oleuropein ward off unfriendly bacteria and yeast while supporting immune system function. Berberine and grapefruit seed extract maintain a healthy microbial balance, which encourages regularity and comfortable bowels.*

Cellulase and hemicellulase are fiber-digesting enzymes that balance good and bad microbiota. They break down the cell wall of *Candida* so that its fibrous structures can be more quickly and completely digested without releasing any toxins.

Supports a Healthy Digestive Tract

Candid-Away™ wipes out occasional gas, bloating, constipation, and diarrhea by optimizing the microbiome and encouraging healthy digestion. Betaine hydrochloride balances stomach acid to keep the digestive tract working properly, which keeps *Candida* levels in check.*

Relieves Annoying Candida-Related Symptoms

Candid-Away™ restores fungal balance, which can also promote health outside the gastrointestinal tract. Better *Candida* balance supports healthy skin, a stable mood, clear thinking, optimal energy, and vaginal health.*

Candid-Away™ is recommended for:

- Restoring balance during fungal overgrowth*
- Supporting vaginal and intestinal health during yeast overgrowth issues*
- Optimizing bowel regularity and comfort*
- Improving energy and brain fog related to *Candida**
- Healthy, smooth skin*

Suggested Use: As a dietary supplement, take 3 capsules, once or twice daily as needed on an empty stomach, or as directed by your healthcare practitioner.

Supplement Facts

Serving Size 3 Capsules
Servings Per Container 30

Amount Per Serving	% Daily Value
Calcium (as Ca Caprylate) 11.6 mg	1%
Magnesium (as Mg Caprylate) 30 mg	7%
Cellulase (75,000 CU/g) 500 mg	*
Caprylic Acid (as Mg & Ca Caprylate) 400 mg	*
Betaine HCl 250 mg	*
Berberine Sulfate 200 mg	*
Grapefruit Seed 4:1 Extract 200 mg	*
Hemicellulase (200,000 HCU/g) 154 mg	*
Olive Leaf Extract 100 mg	
yielding Oleuropein 15 mg	*

* Daily Value not established.

Other ingredients: hypromellose (capsule), microcrystalline cellulose, vegetarian leucine, silica.
