ENZYME BENEFITS™

Never Fear Food Again*

- Promotes comfortable digestion*
- Improves nutrient absorption*
- Helps the body digest gluten, sugar, and carbs*
- Supports healthy joints when used on an empty stomach*

Wouldn't it be nice to eat your favorite foods without feeling gassy and bloated afterward? Thanks to DaVinci® Laboratories' Enzyme Benefits™, you won't have to put up with occasional post-meal indigestion or discomfort anymore.* This comprehensive formula contains enzymes that break down carbohydrates, fats, proteins, fiber, gluten, pectin from fruit, and sugars.*

Get Rid of Embarrassing Digestive Issues*

Cellulase, hemicellulase, and xylanase in Enzyme Benefits™ break down plant fibers, which are often hard to digest and can cause gas and bloating.* Enzymes can also keep things moving along in your digestive tract, encouraging regularity and reducing occasional constipation.*

Easily Digest Problem Foods*

Amylase, glucoamylase, and invertase in the formula break down carbs and sugars, making it easier for your body to process that pizza you couldn't resist.* Peptidase helps your body handle gluten and casein, two dietary troublemakers.* Lipase helps break down fat, and proteases like trypsin and pepsin break down proteins, helping you digest that slab of steak you had for dinner.*

Better Absorb Nutrients from Food*

Vitamins, minerals, and other nutrients from food are critical for feeling your best.* But if you can't absorb the nutrients in your diet, your health will suffer.* For example, phytic acid in some plants binds important minerals so that they're not available for use.* Enzyme Benefits™ contains phytase, which breaks down minerals bound to phytic acid so that your body can make good use of them.*

Doubles as a Joint Support Supplement*

When taken on an empty stomach, Enzyme Benefits™ transforms from a digestive enzyme supplement to a formula that supports joint comfort after exercise.* It contains bromelain, a protein-dissolving enzyme good for the health of knee and hip joints.* Other proteases in the formula like trypsin support healthy, flexible joints.* You can hike farther, play golf or tennis longer, or chase the grandkids around the park.*

Enzyme Benefits is recommended for:*

- Gas and bloating*
- Occasional constipation or diarrhea*
- Gluten and casein sensitivity*
- Digestion of sugars and carbs*
- Improving nutrient absorption from foods*
- Keeping knee and hip joints comfortable after exercise*
- Food sensitivities*

Suggested Use: As a dietary supplement, take 1 capsule up to 3 times daily before a meal, or as directed by your healthcare practitioner.

Supplement Facts		
Serving Size 1 Capsule		
Servings Per Container 90		
Amount Per Serving	% Daily Value	
Enzyme Blend 301.98 mg		
containing:		
Amylase (165,000 DU/g)	145.42 mg	*
Protease 4.5 (1,000,000 HUT/g)	75 mg	*
Pectinase (9,000 ENDO PGU/g)	20 mg	*
Alpha-Galactosidase (30,000 GALU/g)	11.69 mg	*
Lactase (100,000 ALU/g)	10 mg	*
Cellulase (200,000 CU/g)	10 mg	*
Lipase (300,000 FIP/g)	10 mg	*
Protease 3.0 (2,000 SAPU/g)	7.25 mg	*
Protease 6.0 (500,000 HUT/g)	6 mg	*
Invertase (200,000 SU/g)	4 mg	*
Bromelain (45,000 FCCPU/mg)	1.33 mg	*
Papain (50,000 FCCPU/mg)	0.89 mg	*
Hemicellulase (500,000 HCU/g)	0.4 mg	*
*Daily Value not established.		

Other ingredients: hypromellose (capsule), microcrystalline cellulose, MCT powder.
