

LITTLE DaVinci[®] enz-flame[™] kids

There's Nothing Stopping Your Kids Now, Thanks To This Joint Support Formula

If your kids are like most modern children, they probably spend a lot of their after-school hours playing soccer, basketball, baseball, or other sports. They might exercise too hard and hurt their muscles or joints. Your child's joint or muscle discomfort may also stem from other causes. Sometimes, it's growing pains or a fall in the playground. It's heartbreaking to see your children crying after they take a tumble or when their joints don't feel their best.* It's frustrating for both of you when they have to sit on the sidelines during an important sporting event.

Little DaVinci's **enz-flame[™] kids** combines powerful ingredients that support muscle and joint comfort.* The botanicals, enzymes, and other ingredients in this great-tasting, orange-flavored drink mix soothe your child's muscles and joints.* It's easy to mix in to food or drinks or slip it into a smoothie. Your little bundle of energy will be back in top form again soon.*

CMO Complex

Cetyl Myristoleate—CMO for short—keeps joints lubricated.* CMO is a group of fatty acid esters (a combination of fatty acids and alcohol). They act like the EPA and DHA found in fish oil by lubricating cell membranes in joints that have become damaged due to wear and tear.* CMO also boosts production of beneficial prostaglandins, lipids that soothe joints and promote tissue health.*

Botanicals

enz-flame[™] kids is loaded with muscle- and joint-soothing botanicals.* Like CMO, Boswellia improves comfort by boosting beneficial prostaglandins and reducing levels of enzymes that get in the way of joint and muscle health.* Cayenne contains capsaicin, which has been used for centuries to keep joints and muscles comfortable.* Capsaicin blocks brain chemicals that send discomfort signals.* Curcumin and ginger root calm the inflammatory pathways involved in joint discomfort.* Luteolin keeps joints flexible by protecting against oxidative stress.* Rutin is added to **enz-flame kids** because it goes up to bat against oxidative stress.* Quercetin, which also plays a role in keeping joints comfortable, is the final powerful addition to the formula.*

DMG

Dimethylglycine (DMG) in **enz-flame kids** supports joint health in part by promoting a healthy immune response.* It also nourishes muscles, bones, and joints by improving blood circulation and protecting them from oxidative stress.*

Proteolytic Enzymes

Proteolytic enzymes—bromelain, pancreatin, papain, pepsin, and protease—digest protein, especially a type of protein called fibrin. This is very similar to your

child's natural mechanisms for breaking down clots and clearing them out of the body after injuries.* Fibrin is to blame for fluid retention and is involved in tissue injuries.* Breaking down fibrin can lead to healthy blood flow, making sure injured tissues get enough oxygen to support recovery.* Proteolytic enzymes promote your child's immune response to joint issues.* When using them to support a healthy inflammatory response, they should always be taken on an empty stomach or they'll just act like digestive enzymes.

enz-flame[™] kids is recommended for:

- Muscle and joint comfort*
- Keeping your child's neck, shoulder, knee, legs, and wrists flexible and mobile*
- Tissue healthy*
- Helps with aches after exercise*
- Healthy immune response*

Whether your children want to win the state baseball championship or have more comfortable joints every day, Little DaVinci's **enz-flame[™] kids** has all the bases covered.*

Supplement Facts

Serving Size 9 grams (approximately 1 scoop)

| | |
|--|----------|
| Calories | 35 |
| Total Carbohydrates | 8 g |
| Dietary Fiber | 3 g |
| Calcium | 40 mg |
| Sodium | 10 mg |
| Cetyl Myristoleate (CMO) Complex | 1,000 mg |
| Proprietary Proteolytic Enzyme Blend | 930 mg |
| Containing Pancreatin, Bromelain, Papain, Pepsin, Protease | |
| N,N-Dimethylglycine HCl (DMG) | 250 mg |
| Curcumin C3 Complex® | 200 mg |
| yielding Curcuminoids | 190 mg |
| Boswellia serrata Gum Extract | 200 mg |
| yielding Boswellic Acid | 130 mg |
| Ginger (Zingiber officinale) Root Extract | 50 mg |
| yielding Gingerols | 2.5 mg |
| Quercetin (as Quercetin Dihydrate) | 75 mg |
| Rutin | 200 mg |
| Luteolin (from Perilla Leaf Extract) | 8 mg |
| Cayenne (Capsicum annum) Pepper | 5 mg |
| Stevia Leaf Extract | 100 mg |

Other ingredients: digestion resistant maltodextrin, orange powder, natural orange flavor, citric acid, tricalcium phosphate, silicon dioxide.

Suggested Use: As a dietary supplement, kids 4 and older mix one scoop (9 g) in 8-10 oz of water and take daily, or as directed by your healthcare practitioner.
