

# HEALTHY MOUTH

## PERIO SUPPORT

New Look, Same Great Formula!

Perio Support reduced the prevalence of plaque by 20% and tartar by 18% in a double-blind testing of 20 dogs in just 28 days\*

Unique dental support product in an easy to administer powder that dogs and cats love

Helps avoid the hassle of brushing between dental exams

Formulated with natural zeolite minerals to help prevent plaque from sticking to teeth

Convenient way to support dental health, especially in multi-pet households

### Recommended for:

- ✓ Senior pets and breeds prone to dental challenges
- ✓ Pets eating only soft/wet foods resulting in little or no abrasive action against teeth when chewing
- ✓ Dogs and cats prior to and between routine dental cleanings

**Healthy Mouth is a dental health formula designed to support your pet's periodontal health in a convenient delivery system.**

Healthy Mouth is a tasty, aromatic powder that's easily sprinkled on top of your pet's food to alleviate the mess and hassle of brushing.

**Dental Health:**

- › Periodontal disease is the most common clinical condition in cats and dogs, according to the American Veterinary Dental College. By age three, most pets will likely show early evidence of periodontal disease.
- › Dental health is important to the overall well-being of your pet because it affects the well-being of the heart, lungs and kidneys. It's important to provide your pet with proper daily dental care before there is a problem.
- › Perio Support Pro is formulated specifically for use between routine veterinary dental cleanings to help maintain clean teeth, freshen breath, penetrate plaque, and support gum health. The targeted and quick delivery system helps keep your pet's mouth healthy as part of a daily periodontal care program.

**About the ingredients in Perio Support Pro:**

- › Natural Zeolites are unique minerals that help prevent plaque from forming and sticking to teeth.
- › Zinc penetrates plaque on the teeth and oxidizes it, helping prevent plaque build-up.

- › Cranberry is a source of antioxidants rich in bioflavonoids that support gum tissue health. They also help interfere with bacteria that can lead to plaque buildup and tissue destruction.
- › Taurine works with zinc to support gum tissue health and strength. Strong gum tissue is important since bacteria grows on dead tissue.
- › Lactobacillus acidophilus helps support a healthy bacterial balance in the mouth. It helps the body displace unhealthy plaque-causing bacteria to support strong gums and fresh breath.
- › Yucca shidigera extract is an herb that helps inhibit enzymes that break down the structural integrity of gum tissue.
- › Vegetable fats ensure product palatability, help ingredients adhere to the teeth, and provide essential fatty acids that support gum health.

**Healthy Mouth is:**

- › Easy to use
- › Easy to remember
- › A convenient way to support daily dental health

**Directions for Use:**

WEIGHT	Up to 120 lbs	Over 120 lbs
AMOUNT	1/4 tsp per 15 lbs of body weight	 2 tsp
FREQUENCY	Twice Daily
